

SunBox® SunUp™ Desk Lamp User Guide

You have just made the important decision to buy your own SunBox® SunUp™ Desk Lamp. With this purchase, you join thousands of other individuals and hundreds of facilities worldwide who have chosen to use SunBox® products. Thank you for choosing The SunBox Company as your bright light source. We truly value your business.

SunBoxes are the most advanced and the highest quality bright light boxes on the market and are backed by a Five Year warranty. Founded in 1985, The SunBox® Company is the original manufacturer of high-intensity light boxes. We constantly strive for excellence and are proud of our products and service.

The SunUp™ Desk Lamp is the most compact and it is styled to be unobtrusive in an office setting. Its design allows it to be used as both a bright light source and as a task light.

IMPORTANT NOTES:

- *In the event that your unit is damaged or broken upon delivery immediately report the problem to us by calling 800-548-3968 (toll-free US only) or 301-869-5980 so that the problem can be resolved in a timely fashion.*
- *Please save all packing materials for reuse, should you need to return your unit to us. The SunBox Company cannot be responsible for damage due to insufficient packing.*
- *To prevent electric shock, do not use this light in any extension cord or other outlet unless the plug can be inserted fully.*

General Guides for Use

Most people use their SunBox light boxes as sources of bright light during the fall and winter months. Some people use them on overcast days at any time of year, or when their schedules or surroundings do not allow much exposure to natural sunlight. People working night shifts also use SunBoxes. Most people use light in the morning. If you use light too late in the day, it may disturb sleep.

To use your SunUp™ Desk Lamp, the unit should be in front of you, angled so that the light shines onto your face and your eyes should be open. It is not necessary to look directly into the light; most people read, eat, work on computers or watch TV while using their SunBox. Eyeglasses or contacts may be worn, but heavily tinted glasses will reduce the amount of light received.

Average use at the 10,000 lux distance is roughly 15-30 minutes per day. At 5,000 lux, that would be the equivalent of 30 minutes to 1 hour. Actual time for a particular individual will vary. It usually takes some experimentation to find a routine that is right for you.

10,000 lux - your eyes must be	12" from the unit
5,000 lux- your eyes must be	17.5" from the unit

Our Commitment to You

The SunBox® Company will provide you with valuable customer service, which continues well beyond your actual SunBox purchase. Your SunBox® SunUp™ comes with a one year warranty, with a one-year guarantee on the bulb (other than breakage). Should a covered repair be necessary during this warranty period, be assured that your unit (or a replacement, if repair is not possible) will be shipped back to you within 48 hours of receipt of the damaged unit.

When you need to replace the bulb in your SunBox®, simply call us to conveniently have a new bulb shipped to you at a discounted price of 20% off the suggested retail price. Or you can place an order online 24 hours a day from our website www.sunbox.com, where the discount is already applied. We also carry a wide variety of lighting products to serve many of your lighting needs.

Whenever you need to reach us, simply call us toll-free 800-548-3968 or 301-869-5980. Thank you for choosing The SunBox Company!

SunBox SunUp® Bulb Replacement

Bulb Removal

1. Remove plastic diffuser by gently pulling both ends away from bulb.
2. Remove bulb by gently pulling right side of bulb out at a slight angle then pulling the bulb out of the socket.
3. Follow steps 2-5 above to replace the bulb.

Bulb Replacement

1. Fully extend flexible neck.
2. Insert bulb at a slight angle: position the brass pins into the light socket using your index finger and thumb to gently push the bulb into the socket (a). Then gently push the right side of bulb into the silver clip.
3. Check that bulb is securely in place (b) and that unit turns on.
4. Place diffuser onto the two middle light tubes (c) and secure by pushing gently into place.
5. Your SunUp™ is now ready to use. (d)

Enjoy your SunUp™ Lamp as your bright light source while fully extended and shining in both your eyes evenly and as a task light by bending the light downward.

ABOUT BULB REPLACEMENT

The fluorescent bulb in your SunBox® SunUp™ Desk Lamp is guaranteed against failure with normal use for one year, and should still be functional for much longer. However, since bulbs lose intensity with use and continued use of old fluorescent bulbs or allowing the bulb to burn out can cause damage to the ballast, we recommend that you change your bulb every 3-4 years.

If, for any reason, you encounter problems with your light box, contact us at 800-548-3968 (US only) or 301-869-5980.

Limited Warranty/Guarantee: The SunBox® Company, Inc. (us, we, our) warrants to the original purchaser (you, your) that the SunBox® SunUp™ (light unit, unit) is to be free from defects in material and workmanship under normal use for a length of five years. Our entire liability and your exclusive remedy as to the unit(s) shall be repair or replacement of the unit, at our option. You shall be responsible for the cost of returning the unit to us with a copy of the receipt and we will return the unit to you at our cost. If failure of the unit has resulted from accident, abuse, misapplication, or *not changing the bulb within 4 years*, we shall have no responsibility to replace or repair the unit. Fluorescent tubes are guaranteed for one year from date of purchase against failure.

The above are the only warranties of any kind, either express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, that are made by The SunBox® Company on this product. No oral or written information or advice given by The SunBox® Company, its dealers, distributors, agents, or employees shall create a warranty or in any way increase the scope of this warranty. This warranty gives you specific legal rights. You may have other rights, which vary from state to state.
